I believe all the CHS psychologists (per diem) have gone through the HR orientation. Beesh, Virginia and I are talking this week about details re. using them for coverage.

Hi all,

So I thought we had decided already that it was not ideal to send the per diem to the Bronx since some are very new to competency evals. My preference will be to transfer a psychologist for another borough to the Bronx when needed and have the per diem cover the other boroughs. Can we do this?

Thanks
